If painted shutters is what you desire, we highly recommend to have them factory painted here in our shop. The Shutters By Design Limited Lifetime Warranty fully applies only when all work is completed by our professionals. If you do choose to paint your shutters, the below tips are guidelines only. Shutters By Design suggests contacting your trusted local paint supply store and ask for high quality exterior paints recommend for your area.

PAINTING TIPS

These painting tips are guidelines only.

Prior to painting:

- Lightly sand primer with a fine grit sandpaper;
- Use a clean and lint free cloth or compressed air to remove any dust from shutters;
- Apply a good quality exterior paint on top of the sanded primer - following paint manufacturer's instructions completely;
- Let paint dry per paint manufacturer's instructions;
- Apply second coat; and
- Let second coat of paint dry per paint manufacturer's instructions.

Caution:

Do not allow shutters to stay, or store in direct sunlight prior to painting.

Do not let shutters dry in direct sunlight after painting.

Do not lean shutters against one another, they will stick together, even if the paint feels dry.

PLEASE FOLLOW PAINT MANUFACTURERS INSTRUCTIONS AT ALL TIMES.

Shutters By Design is not responsible for damages as a result of following the above painting tips.

Shutters By Design will not be held liable for any damage or defects resulting from modification or repairs done by the customer. Shutters By Design will not pay for any painting or re-installation of our shutters due to modifications, repairs or replacement. Paint or primer not applied by Shutters By Design voids our Limited Lifetime Warranty and the manufacturer's warranty of the paint or primer is the only valid warranty. Claims must be made to the warranty department of the paint or primer manufacturer.
